

Fees for "Other Businesses" Based in a Home in Rocklin

If a business is not identified on the Business Category List (See Step 1), the business license tax is based on the gross receipts of the business. For these businesses, the "Business License Gross Receipts Worksheet" is used to determine the amount of business license tax that must be paid at the time of application. This worksheet is included with the business license application forms. In addition to the business license tax, an application fee of \$11.00, and a Home Business Permit fee of \$75.00 will be due.

A completed copy of the worksheet must be submitted with the business license application, along with a payment of all applicable fees. If you need further assistance, please call (916) 625-5000.
